Garbage: Learn How To Manage Your Home Waste Effectively, Pay Less and Save the Planet Welcome to Manage Your Home Waste and Save Money and the Planet, a D.I.Y. book designed to show you how you can turn the things you consider useless and a waste of space into an array of good intentions, tax breaks, and even some direct profits. More and more, individuals are trying to reduce how much of a foot print they have in this world in terms of waste and the easiest solution to some of our most profound issues is simply to stop wasting so much. This guide will show you how to manage your waste, make your footprint greener, and even turn a profit for some of your efforts. First, we will go over what materials you should avoid and discuss which the better alternative is, starting with: Cardboard Plastic Wood Cotton Silk Then we'll get down to how you can not only waste less but also spend less by making your own stuff, gardening, reusing, and recharging. Not only can you make expensive outfits for cheap, but you can save yourself from dumping thousands of batteries into the landfill each year. Then the remainder of the book will be about other donations and profits, such as Clothes Technology Metals In these areas, we will cover what will have the greenest effect and create the most benefits for the greatest number of people but we will also go over where you will turn the most profit and how long you can expect that profit to kick...
